Sir I am sorry said that the order of Govt No 4638-39 has not been properly understood. The object of the order was to provide a play ground to the Devanthapuram School. It was not meant that when it was not used by the school boys it should not be utilized for any other purpose. The Dy Comr does not seem to object to such an arrangement and the trifling cost incurred in levelling the ground has improved it for all purposes. No demarcation or a fence seems under the circumstances called for. Govt have no doubt that the Dy Comr will issue such instructions as would ensure for the boys of the School the full convenience and use of the ground including the hard ~~to~~ ground which existed [illegible]

and not to exercise the rights of ownership only the creation ground -

To The Secretary to the Govt: of Mysore
General & Revenue Departments.

Sir,

When on the 15th August 1899 Mr. Krishna Murthy Row, Councillor, was in Chikmagalur & presided at the distribution of prizes to the students of the High School there, the Head master alluded in his report to the want of a suitable ground for cricket. In his speech, the Chairman said that the allotment of a ground for the purpose was a necessity.— Accordingly, enquiry was made about the point & it was ascertained that Mr. Carr had permitted the School children to play cricket on a portion of the plain in front of the District Office (vide copy of the Head Master's docket No. 53 of the 2d. September 1899).— A plan of the plot was got made and it is herewith submitted. The part marked with red pencil is the bit referred to above. It measures 4 acres & 6 guntas. If it be permanently given, the Head master says that he will take steps to have it levelled, etc.— There seems to be no objection to this. I, therefore, solicit the sanction of Government to the proposal.

Office of the Deputy Commissioner
Kadur District
Dated, Chickmagalur, 3rd April 1900

From

F. & C Carr, Esquire
Deputy of Commissioner
Kadur District

To

The Secretary to the Government
Of Mysore, General and Revenue Depts.

Sir,

Government in their order — No. 4638-39 / L F 19-99, dated, Bangalore, 9th October 1899, sanctioned the grant of a plot of ground measuring A. G. 4-6 permanently to the High School at Chickmagalur for a play ground.

2. This piece of ground is a portion of the maidan in front of, and belonging to, the Office of the Deputy Commissioner of this District.

3. Further, this maidan is the only available open space now left in the Town of Chickmagalur for the use of the public generally as a recreation ground. It is used besides as a

parade

parade ground by the Police, Bar Sepoys and Volunteers.

4 The total acreage of this open space or maidan is only 6 or 7 acres, and if out of this 4-6 are taken as a play ground for the High School, it leaves a very small and quite insufficient space to the public as a recreation ground.

5 The grant by Government appears to have been made under a misconception. When Councellor Mr Krishnamurthi visited Chickmagalur, and was kind enough to preside at the distribution of prizes at the High School, it seems the Head master alluded in his report to the want of a suitable play ground for the school Upon this, Mr Krishnamurthi promised to do what he could to supply that want. Hence the Government Order referred to.

6. I would request Government to kindly reconsider this order in the light

light of the points now raised —

(a) The High School has already a fine level play ground surrounding, and in close proximity to, the School buildings. This ground is in daily use by the boys, and has been recently enlarged and improved.

(b) In his letter to the Deputy Commissioner dated the 2nd September 1899, No 53, on this question, the Head Master, referring to the District Office Maidan, says "further Mr Carr had allowed the use of the said land for the use of the boys of the School", and the then Deputy Commissioner, Mr Venkatavaradiengar, in his letter to the Government dated the 15th September 1899, no: 166, writes "it was ascertained that Mr Carr had permitted the school children to play Cricket on a portion of the plain in front of the District Office." Not only has this been the case, but the boys have been allowed by me to use the whole maidan at all times for whatever

× Copy Enclosed

whatever games they liked. What necessity therefore is there for a certain portion of this public ground to be granted, allotted, demarcated off and given exclusively to the High School?

(c) As pointed out already, the maidan is the only open space available to the public of Chikmagalur for recreation, as a drill ground, or for any public demonstration, sports and the like. To grant special privileges to any class or persons with regard to the greater portion of this open space is, in my opinion, most objectionable; and, if granted, would no doubt give rise to complaints from other less privileged portions of the Community.

(d) The present arrangement, viz: reserving to the Deputy Commissioner the right to use the maidan according to his discretion, has been found to work satisfactorily, both as regards the school boys and the public generally, for the last 25 years.

(e). The Exclusive right to any portion

of

of the District Office maidan once given to the Educational department, what guarantee have the public that such portion will not eventually be walled off, built upon, and used for any purpose considered necessary by that department.

7. As I have before pointed out, Councillor Mr. Krishnamurthi and the government appear to have been labouring under a misconception as to the needs of the School. I have, I think, made it clear that no such need exists, and would most respectfully request Government to kindly reconsider their order.

8. I have in the meantime, and pending the final orders of Government, asked the Executive Engineer to suspend the work of levelling the ground.

9. In conclusion, I wish it to be clearly understood that I have never,

and

and do not even now, wish to raise an objection to the School boys, or any other persons, using any portion of the District office maidan for any Sport or recreation, but I do consider it most necessary that the right of reservation at any time, for any special purpose, should vest in the Deputy Commissioner, and I would request on that account that matters should return to the "Status quo Ante."

No 197 of 1899-1900

Has the honor to state that the lower part of the open ground opposite to the Deputy Commissioner's office had been many years ago, given to the school boys for playing cricket thereon. But its unfitness for use, having been brought to the notice of the Deputy Commissioner by the Head master in march last, the Deputy Commissioner Mr. Carr kindly suggested that the land should be levelled and turfed and rendered free from the effects of insanitary stagnation of water. As per his kind advice, the permission of Government was sought for making improvements thereon and a request was made that the

"land might be, for that purpose, given to the school. Government was pleased to sanction the same in its order No. 4638-39 / 2719-99 dated 9th October 1899, vide Deputy Commissioner's docket O. m No. 350 dated 12th October 1899.

Now the Engineering Department has been requested to so level the ground as to make it fit for cricket playing, as well as to so slope it off as to drain away all water and to render the place more satisfactory from a sanitary point of view.

While this was being done, the municipal authorities put a stop to the work on the 7th instant on the ground, as they say, that the land is municipal.

The undersigned has the honor to bring the same to the notice of the Deputy Commissioner for his kind orders thereon

Government are satisfied that the order conveyed in G.P.No. 4638-39/L.F.19-99 dated 9th October 1899 has not been properly understood, The object of the order was to provide a play ground to the District High school and not to deprive the public of Chikmagalur of their only recreation ground. It was not meant, that when it was not used by the school boys, it should not be utilized for any other purpose. The Deputy Commissioner does not seem to object to such an arrangement and the outlay incurred in levelling the ground has improved it for all purposes. No delimitation or assignment seems under the circumstances called for. Government have no doubt that the Deputy Commissioner will issue such instructions as would ensure for the boys of the school the full and unrestricted use, as often as

Correspondence ending with letter No.310 dated 18th November 1902 from the Deputy Commissioner, Kadur Distt in re the grant of play ground for the use of the students of the High school at Chikmaglur.

Order thereon No 10078-9 dt 17/12/02
L.719-99

Government are satisfied that the order conveyed in G.P.No. 4638-39/L.F.19-99 dated 9th October 1899 has not been properly understood, The object of the order was to provide a play ground to the District High school and not to deprive the public of Chikmagalur of their only recreation ground. It was not meant, that when it was not used by the school boys, it should not be uti-lized for any other purpose. The Deputy Commissioner does not seem to object to such an arrangement and the outlay incurred in levelling the ground has improved it for all purposes. No delimitation or assignment seems under the circumstances called for. Government have no doubt that the Deputy Commissioner will issue such instructions as would ensure for the boys of the school the full and unrestricted use, as often as

they

of the District Office Mandan once given to the Educational Department, what guarantee have the public that such portion will not eventually be walled off, built upon, and used for any purpose considered necessary by that department.

7. As I have before pointed out, Councillor Mr. Krishnamurthi and the Government appear to have been labouring under a misconception as to the needs of the School. I have, I think, made it clear that no such need exists, and would most respectfully request Government to kindly reconsider their order.

8. I have in the meantime, and pending the final orders of Government, asked the Executive Engineer to suspend the work of levelling the ground.

9. In conclusion, I wish it to be clearly understood that I have never,

and

whatever games they liked. What necessity therefore is there for a certain portion of this public ground to be granted, allotted, demarcated off and given exclusively to the High School?

(c) As pointed out already, the maidan is the only open space available to the public of Chikmagalur for recreation, as a drill ground, or for any public demonstration, Sports and the like. To grant special privileges to any class or persons with regard to the greater portion of this open space is, in my opinion, most objectionable; and, if granted, would no doubt give rise to complaints from other less privileged portions of the Community.

(d) The present arrangement, viz: reserving to the Deputy Commissioner the right to use the maidan according to his discretion, has been found to work satisfactorily, both as regards the school boys and the public generally, for the last 25 years.

(e). The Exclusive right to any portion of

light of the points now raised —

(a) The High School has already a fine level play ground surrounding, and in close proximity to, the School buildings. This ground is in daily use by the boys, and has been recently enlarged and improved. Area 7 or 8 Acres

(b) In his letter to the Deputy Commissioner dated the 2nd September 1899, No. 53, on this question, the Head Master, referring to the District Office maidan, * says "further Mr. Carr had allowed the use of the said land for the use of the boys of the School," and the then Deputy Commissioner, Mr. Venkatavaradiengar, in his letter to the Government dated the 15th September 1899, no: 166, writes "it was ascertained that Mr Carr had permitted the school children to play Cricket on a portion of the plain in front of the District Office." Not only has this been the case, but the boys have been allowed by me to use the whole maidan at all times for

recreation

parade ground by the Police, Bar Sepoys and Volunteers.

4. The total acreage of this open space or maidan is only 6 or 7 acres, and of out of this 4-6 are taken as a play ground for the High School, it leaves a very small and quite insufficient space ⊗ to the public as a recreation ground.

⊗ But see the plan enclosed with ol no 1, from which it will be seen that the remaining space extends to 7 ac. 32 g..

5. The grant by Government appears to have been made under a misconception. When Councillor Mr. Krishnamurthi visited Chickmagalur, and was kind enough to preside at the distribution of prizes at the High School, it seems the Head master alluded in his report to the want of a suitable play ground for the school. Upon this, Mr. Krishna murthi promised to do what he could to supply that want. Hence the Government order referred to.

6. I would request Government to kindly reconsider this order in the light

much force in what
